Additional Notes:

This system does not meet minimum standards for subdivision and may limit ability of the owner to subdivide the property. Yes, explain:

Method used for nonsignificance determination pursuant to Water Quality Act and ARM 17.30.701 et al:

Fees must be paid to Teton County before a permit is valid. \$25 plus mileage round trip from Choteau to site using current State mileage rate.

Date Paid:

As permit applicant, I agree to comply with all the requirements for installation as described in the county regulations and conditions on the permit. The permit is valid for twelve (12) months from date of purchase. The wastewater treatment system must be completed and connected to a structure within this time and inspected by the county prior to covering the system. A copy of the permit must be on site at all times during construction and inspection of the system and a completed permit must be submitted to the Sanitarian's office.
