## **Press Release** Novel Coronavirus Update

On 9/22/2020, the Teton County Health Department received notice from Montana Department of Public Health & Human Services (DPHHS) that a Teton County resident has tested positive for novel Coronavirus (COVID-19), bringing the total number of laboratory-confirmed cases to 21. The individual is a female in her 60s. The source of infection most likely came from outside Teton County. Close contacts have been informed of their exposure. There is currently 1 active case in Teton County.

The Teton County Health Department would like to thank everyone for their ongoing support and cooperation with efforts to reduce the spread of illness in Teton County. Here are some things you can do to protect yourself, your family, and your community:

- Practice physical distancing from others of at least 6 ft
- Avoid gatherings and keep your social circle small
- Wear a cloth face covering when distancing is not possible
- Stay home when sick, even if symptoms are mild
- Wash your hands often and sanitize frequently touched surfaces
